

Fleetdown Curriculum Statement

ENGLISH – READING

Purpose

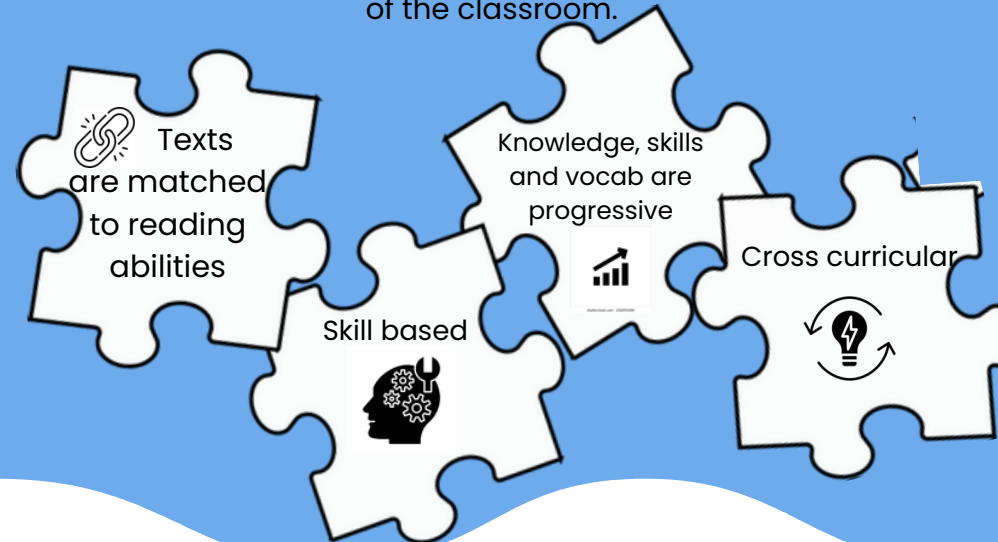

Our English curriculum, promotes a love of reading, alongside children confidently using the skills required to read fluently and with secure understanding. We want every child to be able to transfer these reading skills in order to access all learning opportunities

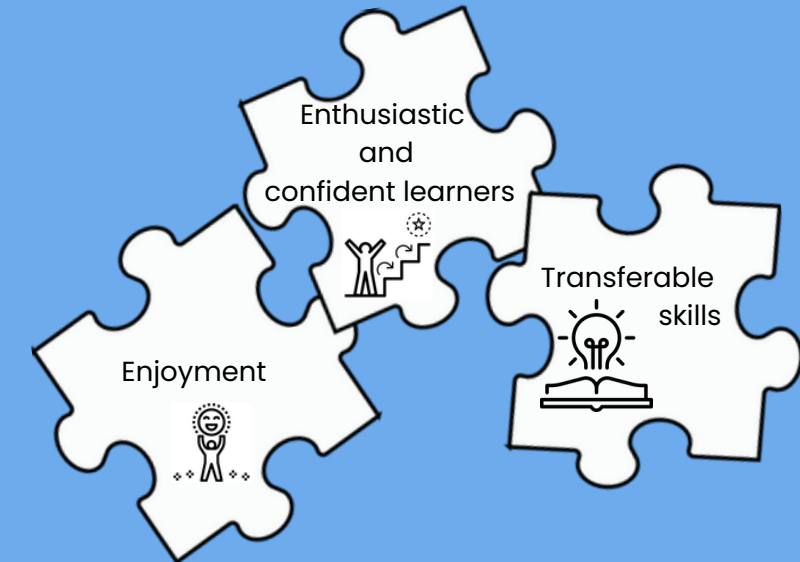

Implementation

At Fleetdown, our children's reading journey begins with decoding and learning sounds through RWI. We then move onto securing the reading skills through the use of VIPERS. Throughout our curriculum, children are provided with access to a range of reading materials and further reading opportunities outside of the classroom.

Impact

Our children show enjoyment of reading and this supports the progress the children are making. Children can confidently discuss what they are reading and use their reading skills across the curriculum.
