

Fleetdown Curriculum Statement

MUSIC

Purpose

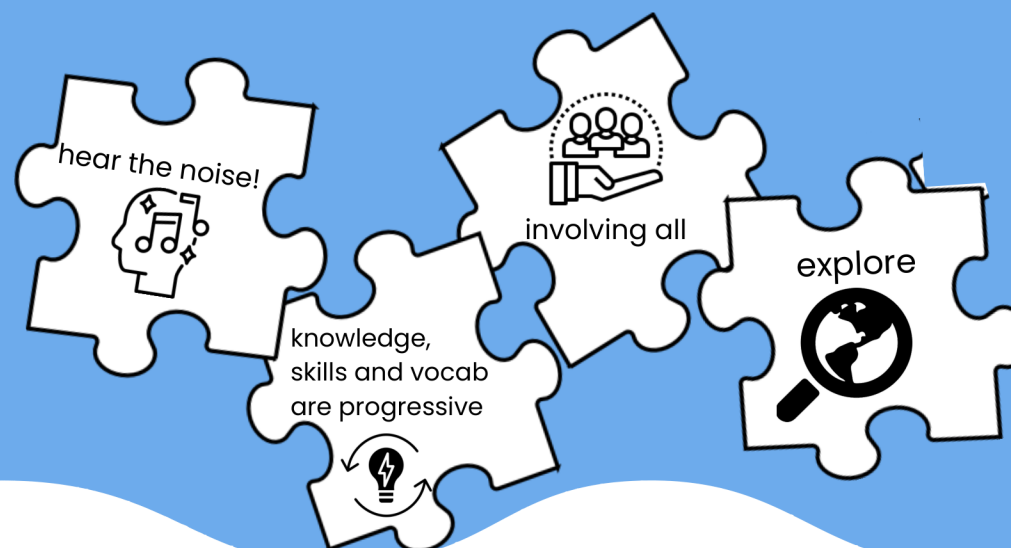

Through music at Fleetdown, aim to develop children's creativity and self-expression. We teach children about a wide range of genres to develop a love of music and an appreciation of the processes involved. We also believe that music evokes strong emotions and supports children in understanding these and being able to regulate themselves.

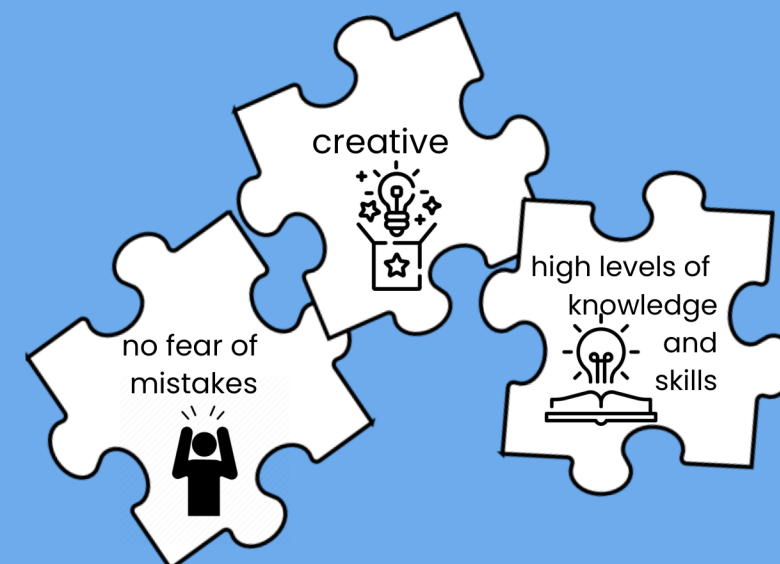

Implementation

At Fleetdown, we use KAPOW! scheme of work to deliver regular music lessons. Teachers make music a fun experience for learners by encouraging everyone to get involved, no matter what level their musical knowledge or abilities are. Children are encouraged to use instruments and experiment with them; we expect to hear noise in our classrooms!

Impact

Through our effective teaching of music, our children become creative, active learners who are keen to experiment and do not fear making mistakes. They can express themselves in different ways, through demonstrating their skills using instruments as well as verbally expressing their ideas.
